

¿CÓMO ARMAR EL MOLDE EN CASA?

1. Imprimir todas las páginas de este archivo en papel A4 a tamaño real.
2. Unir las hojas teniendo en cuenta lo siguiente:
Hay que hacer corresponder verticalmente: A1 con A1, A2 con A2, etc. y horizontalmente: BC1 con BC1, BC2 con BC2 y así. B y C, D y E, forman una sola pieza entre las dos, A es individual.
3. Luego recortar los moldes por el contorno.

A: Fondo bolsillo (x4)

B y C: Cintura y Delantero (x2 Espejado)

D y E: Trasero (x2 Espejado)

Siempre la más económica
